Dear Mr Pierce:

I received a letter from you over a month ago, telling me you were not going to have a team this year, and offering me some of the men. I wrote you and said I would be glad to get Barnhill. I had expected to hear from you or he again by this time, but have not heard to date. In the meantime I have decided I would like to try the three men you mentioned, Barnhill, Brown and James. Now if you have changed your mind and are going to continue on with the baseball, please let me know that also.

I am expecting to train in Savannah this year. If you are going to have a team let me know and we may be able to arrange a game.

Will greatly appreciate hearing from you as soon as possible. Give my regards to Marsch.

Very Truly Yours
